## COVID-19 Vaccine Update 1.13.21

Dear Glenville Medical Patients,

For our **Connecticut** residents: we wanted to share another website from Fairfield CT that could help those individuals living in Connecticut register for a COVID-19 vaccine more easily. According to the website, registration is currently for people 75 and older, but we are hoping that they will change this language soon to allow for people 65 and over to register as well. Here is the website and we hope it helps: [\*\*FAIRFIELD CT COVID VACCINE SURVEY.\*\*](#)

Continue to look at the **Connecticut** State Department of Public Health website as well for information and any changes to the vaccine distribution in our state: [\*\*COVID-19 VACCINE STATE OF CT.\*\*](#)

As a reminder to **New York** state residents (over the age of 65 and all teachers), please visit the following website and register for your vaccine: [\*\*COVID-19 VACCINE NY.GOV\*\*](#)

Or call the New York State Vaccination Hotline at [\*\*1-833-NYS-4-VAX \(1-833-697-4829\).\*\*](#)

Thank you for your patience during this process. Each individual must register on their own for the vaccine. Our office does not anticipate having any COVID-19 vaccine in the near future.

Please note that the cases locally have continued to increase significantly and we urge everyone to take extra precautions to stay safe and avoid infection. As more information becomes available, we will certainly update everyone.

We are all in this fight together!!

Stay safe and well,

Steven Mickley, MD Judith Shea, MD Jeffrey Puglisi, MD Ralph Cipriani, MD
